Electronic Guidebook - Final Design & Implementation Working Group

As many Members will be aware, world's first technology for Electronic Guidebook is the new core component for delivering industry wide efficiency and benefits. LIXI is pleased to welcome Members to join the final design and implementation working group prior to the formal release of the LIXI Electronic Guidebook standard. For all Members who have a vested interest in implementing or using Electronic Guidebooks, this is your best opportunity to influence the program. To express your interest, please [email LIXI](#) to join the working group.

Industry Awards

LIXI will be awarding innovative industry participants at this year's LIXI Industry Forum. The purpose of the awards will be to recognize industry participants for taking advantage of the opportunities and benefits

CAL 2.0.4 Released

CAL 2.0 is the newest LIXI standard and is the first LIXI Standard to have a Change Management Protocol. This easy-to-use mechanism allows LIXI Members to lodge changes requests via a simple [webform](#). The first round of change requests closed at the end of January and the first update to CAL 2.0 via this mechanism has now been released. [CAL 2.0.4 is now available](#) to LIXI Members and CAL 2 Licensees. LIXI is proud to offer this timely response to Member requirements and looks forward to increased use of this new standard, and the simple-to-use Change Management Protocol, moving forward.

Equipment Finance

The LIXI Equipment Finance working group has been well supported since inception in 2013 and the working group participants have now concluded their technical review. Many Equipment Finance requirements in the CAL 2.0.4 Package Release, and finalization of the technical requirements, will mean that the final Equipment Finance Application Package is expected for release in the CAL 2.0.5 release in March. Organisations planning on implementing the Equipment Finance standard will need to [apply for a CAL 2.0 licence](#).

of LIXI 2.0 in 2014 and planning into 2015.

The latest Standards in the News [post](#) shares a similar story of how ACORD industry awards for use of AL3 (pre-XML) standards in the insurance industry.
