LIXI 2.0 Fundamentals, Technical Training - April 9

Following the announcement and release of CAL 2.0 at the LIXI Forum in November 2013, LIXI is pleased to announce the newest training and education session “LIXI 2.0 Fundamentals”.

Open to the entire lending industry, this session covers everything you and your organisation will need to know about this important industry initiative. LIXI 2.0 Fundamentals will introduce participants to the principles of LIXI 2.0, an overview of the technical architecture, new industry processes which support the initiative, licensing and pricing and the benefits to the lending industry. Covered in depth will be the concepts of Electronic Guidebook, the LIXI Data Dictionary, conformance testing and certification to the new CAL 2.0 standard.

LIXI 2.0 Fundamentals, Technical Training - for organisations

The 'LIXI 2.0 Fundamentals' technical training is available for presentation to individual organisations. This could assist organisations and their employees to understand the historical requirements, intent and benefits of LIXI 2.0 specifically for their organisation. Technology requirements and business objectives are different for each organisation; of great benefit for your team would be working directly with LIXI on how best to utilize LIXI 2.0 for your organisations specific needs and goals. Group rates are available for both LIXI Member and non-Member organisations. If you are interested in this training option, please contact [Jennifer Hill](#).

[Electronic Guidebook - Design &](#)

Implementation Working Group

As many Members will be aware, Electronic Guidebooks is the new core component within LIXI 2.0 for delivering industry wide efficiency and benefits. LIXI is pleased to welcome Members to join the design and implementation working group prior to the formal release of the LIXI Electronic Guidebook standard. For all Members who have a vested interest in implementing or using Electronic Guidebooks, this is your best opportunity to influence the program.

Please [email LIXI](#) to join the working group.

CAL 2.0.5

Change requests closed at the end of February for CAL 2.0.5 which is scheduled for release by March 14th.

March 2014 - Edition #48

Does Success Hurt Innovation?

Could success be a barrier to innovation? The latest [Collaboration in the News post](#) shares an interview with a former polymer scientist turned collaboration expert, who believes that it does.

Changeology

Ever wanted to change the world? This [one book](#) will tell you how to get people working together to do just that.
