## Events

### LIXI 2.0 Fundamentals Technical Training - April 9th, Sydney

This technical training session will cover everything you and your organisation need to know about this important industry initiative. LIXI 2.0 Fundamentals will introduce participants to the principles of LIXI 2.0, provide an overview of the technical architecture and the new industry processes which support the initiative. Covered in depth will be the concepts of Electronic Guidebook, the LIXI Data Dictionary and conformance testing to the new CAL 2.0 standard.

Registration closes at 5:00pm on Monday, April 7th, so [register now](#).

### LIXI 2.0 Fundamentals Technical Training - Company Sessions

Technology requirements and business objectives are different for each organisation and for this reason, LIXI is offering company sessions of the 'LIXI 2.0 Fundamentals' technical training. Holding a company session could greatly benefit for your team by analysing your organisations specific needs and goals in relation to the historical requirements, intent and benefits of LIXI 2.0.

Group rates are available for both LIXI Member and non-Member organisations. If you are interested in this training option, please contact [Jennifer Hill](#).

## Standards

### Electronic Guidebook Working Group

As many Members will be aware, Electronic Guidebooks is the new core component within LIXI 2.0 for delivering industry wide efficiency and benefits. LIXI is pleased to welcome Members to join the design and implementation

### New Members

\* NFC Aggregation

\* Capsicum Business

working group prior to the formal release of the LIXI Electronic Guidebook standard. For all Members who have a vested interest in implementing or using Electronic Guidebooks, this is your best opportunity to influence the program. Please [email LIXI](#) to join the working group.

---

## Equipment Finance

The requirements gathering phase of the LIXI Equipment Finance working group has now concluded. LIXI extends their sincere thanks and appreciation to all the organizations who contributed their time and resources to outlining the requirements for the Equipment Finance standard. The Equipment Finance standard has been developed 'For the industry, by the industry' and LIXI looks forward to the immediate release and adoption of the standard for the benefit of the industry.

---

## CAL 2.0.6

Change requests closed at the end of March for CAL 2.0.6 which is scheduled for release by April 14th. CAL 2.0.6 will contain data required to support an Equipment Finance message such as new Asset Types and SubTypes. Visit LIXI's Standards Release [calendar](#) for current information and monthly update highlights.

## Great Video

HR Open Standards have recently released an [short video](#) which quickly explains the value of standardisation across an industry. Very cleverly done, the content of this video could just as easily be about the benefits of standards to the lending industry as to the HR industry.

## Lessons from Architects

While this [article](#) argues the necessity of collaboration and due credit within the architectural industry, the concept is entirely transferable to the lending industry and standards development. [Read More.](#)
