## Events

### LIXI Conversation Series - 30 July - Sydney

Hosted by the Westpac Group, the July Conversation Series will focus on the business case for the newly released equipment finance standard. Key points include: the potential impact to the industry, the current status of the standard; and how to ensure the standard stays relevant, up to date and addresses the requirements of the industry.

This event is free. Registration is essential; please complete your registration [here](#).

## Standards

### CAL 2.1.0 Candidate Release

LIXI has releasing a CAL 2.1.0 'Candidate Release' with a due date for feedback of July 10th. LIXI has released this as a Candidate Release in order to give the community time to comment on several important changes.

If your organisation is a LIXI Member and you would like a copy of CAL 2.1.0 Candidate Release, please [email LIXI](#).

---

### LIXI 2.0 Fundamentals

The new LIXI 2.0 technical training, LIXI 2.0 Fundamentals, has a been a big hit in the industry. LIXI 2.0 Fundamentals introduces participants to the principles of LIXI 2.0, provides an overview of the technical architecture and schema design of both CAL 2.0 and the Electronic Guidebook standards. Find out about [in-house training options](#) for your organisation.

### ROI of Standards

LIXI is often asked the question, "What is the ROI of using standards within my organisation?"

This [article on collaboration](#) is worth a read if this question that has ever crossed your mind.
