## Working Group

The Living Expenses working group is progressing well. Initial consensus on the expenses categories was reached and an acknowledgement received from ASIC as to the benefits of this approach. This group is currently focused on Interest Only loan reasons.

LIXI is grateful for the support provided by Leadpoint, Insyston and Simpology which enabled the Document Preparation and Settlements, Electronic Guidebook and Equipment Finance working groups to fulfill their objectives. These working groups will now be closed and change requests relating these standards can be logged via the usual Change Request process.

A Credit Decision working group has been initiated and we are actively seeking participants. Consumer Credit Insurance (CCI), Lenders Mortgage Insurance (LMI) and Valuations are areas under discussion. If you would like to participate in these, or propose, another working group please contact Shane Rigby, CTO.
