

LIXI Newsletter - May 2013

LIXI Forum - Have your say and win!

The LIXI Forum is a valuable networking and industry event and it is free for LIXI Members. The Forum covers industry relevant topics while creating an excellent networking opportunity across the entire lending chain. LIXI wants to ensure that the LIXI Forum continues to be a valuable part of each LIXI Membership and to that end, LIXI is currently soliciting topic suggestions for this year's event.

Your feedback can range from topics to speakers, to panel discussion ideas to process innovations. This is your Forum; we look forward to hearing what topics and ideas interest you and your organization.

LIXI Members who response to this survey will automatically be entered into a competition to win an iPad Mini! Click [here](#) to give feedback. It is recommended that you use IE, Firefox or Safari to access the link.

The winner will be announced on Monday, June 3rd via Twitter. Click [here](#) to follow LIXI on Twitter. This survey will close at 10pm on Friday the 31st of May 2013.

Equipment Finance Working Group

LIXI has recently formed a working group to gather community requirements for an equipment finance transaction standard. The first LIXI Equipment Finance Working Group held on May 3rd was well attended by representatives from three lenders, three aggregators, the peak body for equipment finance brokers and several technology providers.

The majority of the meeting was spent capturing the submission process for equipment finance and this diagram is developing rapidly. It is LIXI's intention to confirm this process and the associated

CAL 1.6a Release

NCCP Inclusions

The CAL 1.6a package release includes schema changes to support the updated review of the responsible lending provisions of the National Consumer Credit Protection bill. This final xsd and schema changes document

diagram with all relevant segments of the equipment finance industry prior to releasing a final version. If your organisation would like a copy of the diagram to verify, please contact Jennifer Hill on admin@lix.org.au

An association between the equipment finance segment of the lending industry and the general LIXI standards community is a promising and timely development and offers the possibility of additional efficiencies to a new segment of lending. LIXI has opened the first few working groups to non-Members in order to accurately reflect the current business relationships and high level processes. For more information on the Equipment Finance working groups, please visit the LIXI website [here](#) or email admin@lix.org.au

is due for release to Members on May 23rd.

Backward Compatibility

The CAL 1.6a Package release will include retroactive changes to CAL versions 1.3, 1.4, 1.5 and 1.6 in the form of xsd files and a single schema changes document.
